

# AMMO-MIX AD

[Back to product overview](#)

---

- **Pharmaceutical form**

Water soluble powder

---

- **Composition**

Ammo-Mix AD contains a high concentration of ammonium chloride, supplemented with vitamin C, and flavours to improve palatability. It can be administered via the drinking water, the milk (replacer) or the feed. It can be used in cattle, sheep and goats.

Besides its GMP certification for pharmaceuticals, Dopharma is a GMP+ certified company.

---

- **Presentation**

5 kg
